To whom it may concern,
R78 00, AUG 10 AM 12:27

I am writing on behalf of the thousands of cows that are treated with BGH to produce more milk than they should, and grow faster than they should.

Please act on docket #99P-4613 to prevent the use of GH in cows.

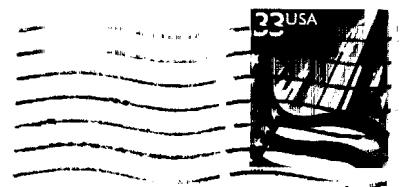

Cows that are treated with this growth hormone experience extreme stress on their bodies. They are in constant pain. Please help put an end to this needless suffering.

I look forward to hearing back about this.
